** The Bible reading should be read prior to each class.

*** The reading journal is a personal spiritual discipline. This will not be turned in, so please write your journal for your eyes only.

**** One page should be written for each book of the bible discussing the author's main idea - central theme. These will be due the week following the discussion on those books. For example, the gospels will be discussed on February 2nd, so four 1 page papers will be due on February 9th. Project #4 will be due by March 1st emailed to bob@romechurch.com

The above requirements are for students pursuing a Certificate through RBI. Students not pursuing a Certificate have no requirements; however, the Bible reading and textbook reading would be exceptionally helpful.
